WALEED RAWASIA

SKILLS

Programming Languages: Typescript, Javascript, C#, PHP, Ruby

Frameworks/Platforms: Next.js, React, PostgreSQL, NodeJS, Express, Shopify, Astro, Wordpress

Other Programs/Skills: Github, AWS, Supabase, Linux/Bash, Figma/Photoshop, VS Code, REST API

WORK EXPERIENCE

Front End Developer — *Self Employed*

June 2018 - Present

- Actively developing Toybox, a Next.js web app for publicly sharing collections of action figures
- Toybox is built with Typescript and runs on a PostgreSQL database hosted by Supabase
- Designed and developed websites for diverse clients with a large variety of frameworks and platforms, primarily React or Wordpress/Astro
- Created functional backend services with Node.js and PostgreSQL
- Provided consultation services for user experience and front-end JavaScript
- Leveraged Git/Github for version control and collaboration with clients and personal work
- Developing entire Shopify themes in Liquid, Javascript and HTML/CSS from scratch or from a default existing theme
- Modified and adjusted existing values or actions in existing Shopify apps/plugins for clients to use for their needs
- Understand the software development lifecycle from start to finish

Shopify Web Developer — *The Brick/Sukoshi Mart*

May 2019 - August 2022

- Developed custom page functions and templates in Shopify using Shopify Liquid 2.0 and JavaScript to attract customers and boost sales
- Ensured pixel-perfect page designs aligned with provided design wireframes
- Diagnosed and resolved errors or bugs on strict deadlines
- Integrated Shopify plugins/apps into existing pages and elements
- Managed version control with Git on platforms like Github
- Collaborated effectively with a team or worked well independently
- Implemented Ruby cart scripting for custom discounts on specific product variants

EDUCATION

Bachelor of Science in Computer Science — *University of Calgary* — *Completed in 2018*
